CYCLING ON THE ISLAND PAG

€200

Path to Lun (40km), around Novalja (10km) and to Pag (30km).

Starting in Plant, with a professional cycling guide, we always reach nearby Novalja, a vibrant coastal town known for its lively atmosphere and stunning beaches. You'll begin your ride along the picturesque coastline. The route initially takes you through Novalja's charming streets, lined with cafes, shops, and restaurants bustling with activity.

As you leave Novalja behind, you'll gradually transition from the lively coastal scenery to the island's more rugged and tranquil interior. The road winds its way through olive groves, vineyards, and fields of aromatic herbs, offering glimpses of traditional stone houses and ancient dry stone walls that dot the landscape.

As you continue cycling, the terrain becomes more undulating, with occasional steep climbs and thrilling descents. You'll pass through small villages where time seems to stand still, with locals going about their daily lives amidst the timeless beauty of the island.

Depending on your skill, endurance or just will, you can choose the tour.
